

# The Uniqueness of Christianity

# WORLDVIEW

IT'S HOW YOU SEE THE WORLD

# What is your worldview? Is it true?

	<b>THE PAST</b> Where do we come from?	<b>THE PRESENT</b> What's wrong with the world?	<b>THE FUTURE</b> How do we solve the problem?
<b>ATHEISM</b>	Universe from nothing. Life from non-life. Natural selection.	Dawkins: "...no good, no evil, nothing but blind pitiless indifference."	Survival of the fittest. Eventual heat death. Annihilation.
<b>MARXISM</b>	The universe self-generated from nothing.	Class inequality. Private property. The rich exploit the poor.	A revolution to bring about a utopian classless society.
<b>ISLAM</b>	Creation of the world by Allah. Humans not made in image of God.	Humans are born innocent. They sin, but do not have a sinful nature.	5 pillars. Try to do more good than bad. No atonement, no "grace".
<b>BUDDHISM</b>	We emerged from a universal spiritual essence.	Suffering and evil is caused by our sense of individuality.	Escape the rebirth cycle and reunite with essence (end goal - Nirvana).
<b>BIBLICAL CHRISTIANITY</b>	God created the universe, and created men and women in His own image.	?	?
